Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The Prior Art does not teach or suggest an obtuse angle between a cord loop and a blade guard portion and one plug holder disposed between front and rear ends of retaining structure. The examiner agrees with Applicant arguments on pages 8 – 11 regarding an obtuse angle between a cord loop and a blade guard portion (claims 1 and 24) and one plug holder disposed between front and rear ends of retaining structure, and with amendment, which put application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
